

## Wiring Harness, Fuse Boxes

### Survey of Relays and Fuses

Instrument Panel Relay and Fuse Box (up to MY 96)

Fuse	Amp	Circuit
C-1	10	Petrol engine: Starter and restart relays. Mode switches of automatic transmission. Diesel engine: Starter relay. Glow plugs.
C-2	15	Heated front seats. Telephone connector.
C-3	10	Turn signal lamps. Reverse lamps. Mode switches of automatic transmission.
C-4	10	Heated rear window. Heated door mirrors. Headlamp range adjustment. Electronically operated door windows. Lights on warning buzzer. Cruise control. Electronic brake control module. Transmission switches. Electrically operated sun roof. Shift lock controller for automatic transmission.

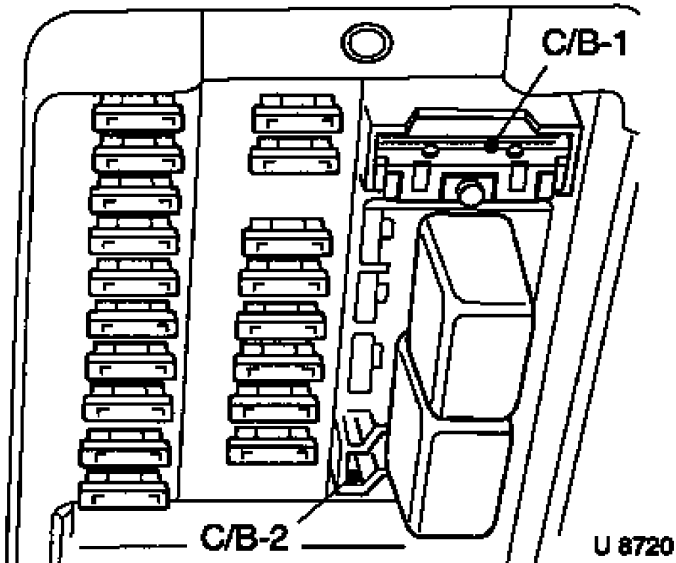

Fuse	Amp	Circuit
C-5	15	Windshield wipers and wash.
C-6	10	Rear window wiper and wash.
C-7	10	Headlamp wiper and wash.

C-8	15	Petrol engine: Alternator. Engine control module relay. Vacuum switching valves for evaporative emission control and exhaust gas recirculation.  Diesel engine: Alternator. Preheating controller and vacuum switching valves. Exhaust gas recirculation controller and vacuum switching valves. Air conditioning relay. Ventilation fan.
C-9	15	Petrol engine: direct ignition system.
C-10	7.5	Diesel engine: fuel cut off.  Instruments and control indicators. Speed sensor.
C-11	10	Radio. Electrically operated door mirrors. Telephone connector.

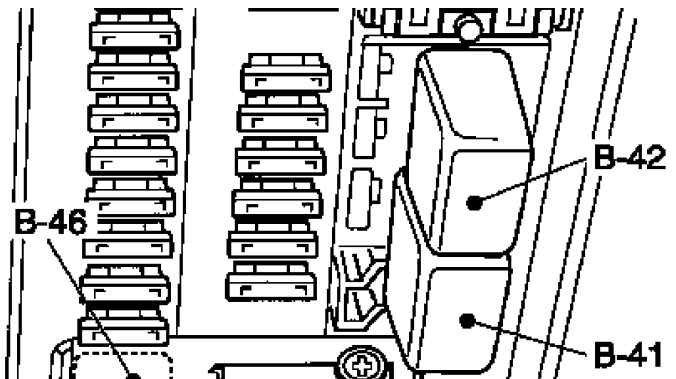

Fuse	Amp	Circuit
C-12	20	Cigarette lighter.
C-13	15	Front fog lamps. Fog tail lamps. Tail and side marker lamps. Licence plate lamps. Illumination for glove box, cigarette lighter, ashtray, switches and controls. Dim-dip (Great Britain).
C-14	15	Brake lamps. Transmission control module of automatic transmission. Shift lock controller of automatic transmission.
C-15	15	Horn. Hazard warning system
C-16	25	Heated rear window.
C-17	7.5	Interior roof lamp. Luggage compartment lamp. Courtesy lamps. Reading lamps. Electrically operated antenna motor. Clock. Radio. Telephone connector. Anti-theft alarm system.

--	--	--

Fuse	Amp	Circuit
C-18	20	Central locking system.
C-19	25	Ventilation fan.
C-20	-	Unoccupied.

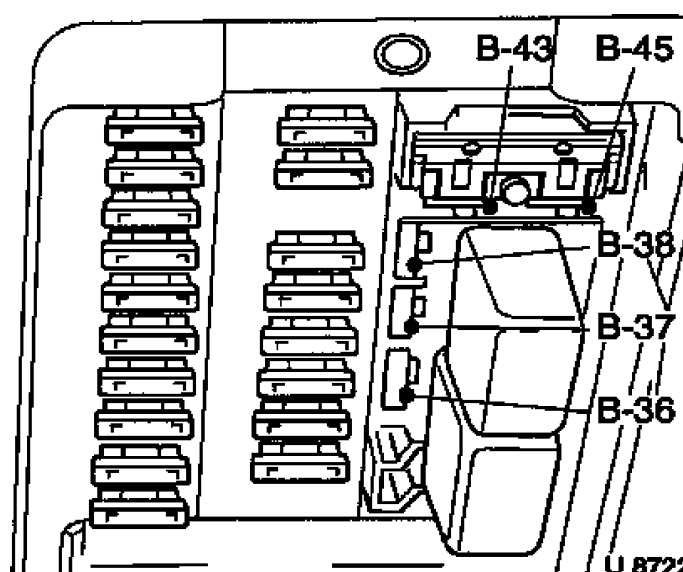

Circuit breaker	Amp	Circuit
C/B-1	20	Up to MY 93: Electrically operated door windows. Electrically operated seats. Electrically operated sun roof.
C/B-2	30	As of MY 94: Electrically operated door windows. Electrically operated seats. Electrically operated sun roof.

U 8721

Relay connector	Circuit
B-41	Heater fan.
B-42	Heated rear window.
B-46	Electrically operated windows.

U 8722

Diode connector	Circuit
B-36	Lights. Fog tail lamps.
B-37	Anti-theft alarm system.
B-38	Diode 1 - anti-theft tailgate switch. Diode 2 - warning buzzer.
B-43	Door switches (anti-theft alarm system).
B-45	Interior roof light.
